

● The Patient Rooms

Patient rooms are cozy and warm in order to make the patient feel at home rather than being in a hospital. You will not find here the typical patient bed like in other hospitals. The highest international safety standards have been respected.

Our treatment philosophy goes beyond the confines of Bellevue Medical Center by expanding our involvement in our community, participating in academic programs and contributing to advancing research in the fields of mental and behavioral health.

● How to Reach Us

BMC is situated 3 minutes from the Mkalles roundabout on the Mansourieh main road. Once the way becomes forked at the ESIB crossroad, take the path right of "La maison du pain". BMC appears on the hill 1Km ahead.

About Bellevue Medical Center

Located in the Qanater Zbaydeh region, a splendid and serene valley between Mansourieh and Hazmieh, 15 minutes away from downtown Beirut, Bellevue Medical Center provides world-class services in general healthcare and offers distinguished services in several specialties.
